

St. Nick's Christmas Club

Once again we have the opportunity to be involved in the St. Nick's Christmas Club. Each child will receive pants, shirt, socks, underwear/or diapers and a gift. If anyone ask for winter coat, boots, or mittens those are an automatic purchase in my book. We gotta keep our children warm. Please consider helping by sponsoring a child or a family. There is a great need in Jasper County. Envelopes will be handed out by the ushers. You may choose from 2 options, sponsoring a child or family and buy the necessary items they need or make a donation towards this project. Place your envelope in the offering.

We will be accepting money November 3, 10 and 17th.

One common statement I have heard is I wouldn't know what to buy, so let's talk about this for a minute. There is a book with at least 225 families that are needing help. I read through each one available and make sure that items on their list is something that I think our Elves can find. I also at times get a tug on my heart which to me is a sign from God saying "Yes take this one". You are given sizes and colors that a child likes along with wish list items. Whatever you get will be fine. Hopefully an item on the wish list can be purchase in town or on line if you are a heavy duty shopper like our Elf Gail. These are only suggestions, any toy for a smaller child works and any gift card for an older child works if you can't find anything. Take a chance this year, ask to shop for a child. Our gifts may be the only gifts that child receives this year. I speak from experience you will feel the warmth in your heart knowing you have made someone smile Christmas morning.

If you have any questions, please call Mary Ervin 521-8600.
